John Melody Me (Cheng Tze Keong)

Mobile Application Developer (3 months)
Sleekflow

(+60) 137397193 | Johnmelodyme@icloud.com

Experience

8 years of total experience

Aug 2022 - Present (3 months)	**Mobile Application Developer** Sleekflow | Hong Kong	
	Industry	Computer / Information Technology (Software)
	Specialization	IT/Computer - Software
	Role	Software Engineer/Programmer
	Position Level	Senior Executive
	Monthly Salary	USD 3,500

- Clearly and regularly communicate with management and technical support colleagues
- Design and update software database. This includes, but is not limited to: Software Applications, Websites, Data Communication Processes and User Interfaces
- Test, maintain and recommend software improvements to ensure strong functionality and optimization.
- Develop, test and implement new software programs.

In charge of implementing new features and bug fixes for the eCommerce application of both IOS and android.

Tech stacks: Whatsapp API, Stripe, Flutter, Gradle, Swift and Kotlin.

Jul 2021 - Dec 2021 (6 months)	**Senior Software Engineer** Grind Reel Private Limited | United States	
	Industry	Education
	Specialization	IT/Computer - Software
	Role	Software Engineer/Programmer
	Position Level	Senior Executive
	Monthly Salary	USD 3,500

Determines operational feasibility by evaluating analysis, problem definition, requirements, solution development, and proposed solutions. Documents and demonstrates solutions by developing documentation, flowcharts, layouts, diagrams, charts, code comments and clear code. Major in Android Development, extensive understanding of firebase and MongoDB, Flutter applications Unit Testing, automation, and code reviews.

The projects I have done and managed:
1. Backend System with RESTAPI and Cloud Functions for the educational web application. (Python Flask, Google Cloud Platform Functions, Stripe and MongoDB)
2. Computer Vision training models in the backend system. (Pytorch, Tensorflow, MLKit, MongoDB, Python FastApi)
3. Embedded system that containerised computer vision application. (Raspberry Pi, Arduino,

	Docker)	
Apr 2020 - Jun 2021 (1 year 3 months)	**Senior Software Engineer** MYNAPSE SDN. BHD. | Penang, Malaysia	
	Industry	Consulting (IT, Science, Engineering & Technical)
	Specialization	IT/Computer - Software
	Role	Software Engineer/Programmer
	Position Level	Senior Executive
	Monthly Salary	MYR 4,000
	Evaluating analysis, problem definition, requirements, solution development, and proposed solutions. Documents and demonstrates solutions by developing documentation, flowcharts, layouts, diagrams, charts, code comments and clear code. Major in Android Development, extensive understanding of Firebase, ios Application and Android Application. Unit Testing, automation, and code reviews. The projects I have done and managed: 1. Backend System with functional programming for WebRTC protocol, SIP protocol and H.256 protocol of the video call integration. (C/C++, Erlang, Elixir, Jitsi, Janus WebRTC, Redis, CassandraDB) 2. Natural Language Processing application in the backend system with machine learning for user content control. (PyTorch, Keras, Python) 3. Flutter client for the "Monjo" application, cross-platform with a combination of state providers Bloc and Providers. (Flutter, Kotlin, Swift, Gradle)	
Jan 2018 - Mar 2020 (2 years 3 months)	**Software Engineer** Braintech (M) SDN BHD | Penang, Malaysia	
	Industry	Science & Technology
	Specialization	Science & Technology/Laboratory
	Role	Researcher/Scientist
	Position Level	Senior Executive
	Monthly Salary	MYR 2,300
	Determines operational feasibility by evaluating analysis, problem definition, requirements, solution development, and proposed solutions. Documents and demonstrates solutions by developing documentation, flowcharts, layouts, diagrams, charts, code comments and clear code. Also, develop scientific software for EEG and BCI supports. Major in Android Development, extensive understanding of Firebase, and KaiOS. The projects I have done and managed: 1. Backend System with Firebase and MySQL for the storing Big Data of EEG, EKG, and EMG signals into documents and web services for returning data. (Firestore, MySQL, ExpressJS) 2. Display data to an android application from a customised Blue Low Energy device with Nordic SDK and Qualcomm SDK. Returning and visualised EEG, EMG, and EKG signals. (Java, Nordic SDK, Qualcomm SDK, C/C++) Skills: Flutter · Swift (Programming Language) · Node.js · Express.js · React Native · Amplitude Analytics · TensorFlow · MongoDB · Figma (Software) · Python · Android Development · Computer Science · Programming · SQL · JavaScript · C++ · Linux · MySQL · Firebase · Brain-computer Interfaces · Programming Languages · Natural Language Processing (NLP) · Android · Git	
Jun 2014 - Nov 2017 (3 years 6 months)	**Security Personnel** G4S Malaysia Sdn Bhd | Penang, Malaysia	
	Industry	Security / Law Enforcement
	Specialization	Security/Armed Forces/Protective Services
	Role	Security Officer
	Position Level	Senior Executive

	Monthly Salary	MYR 1,200
	- Working as a direct representative of the G4s management in the administration of the facility security program. - Protecting all public/private property within the G4s contract guard jurisdiction including material, equipment, supplies, and buildings from fire, accident, theft, sabotage, and trespass. - Safeguarding and protecting all government information, documents, and equipment entrusted to the care of the G4s contract guards. - Responsible to the extent prescribed by established post orders, policies and procedures, operate, maintain and enforce a system of personnel identification and access controls for facility employees and visitors. - Consistent with authority, apprehending and detaining all suspicious person(s) or any who attempt to gain access to the facility, for release to local law enforcement authorities. - Maintaining law and order and preventing illegal acts within the G4scontract guard jurisdiction, may jeopardize the safety or security of the facility and its personnel. - Provide, in writing, any security deficiencies and report them in a timely manner to the facility security coordinator. - Enforcing all facility rules governing control of all vehicular and personnel traffic entering the facility. - Licensed to carry weapons, while performing surveilling, patrolling, maintaining peace and order and ensuring the safety of lives and property. - Working as a direct representative of the G4s management in the administration of the facility security program. - Protecting all public/private property within the G4s contract guard jurisdiction including material, equipment, supplies, and buildings from fire, accident, theft, sabotage, and trespass. - Safeguarding and protecting all government information, documents, and equipment entrusted to the care of the G4s contract guards. - Responsible to the extent prescribed by established post orders, policies and procedures, operate, maintain and enforce a system of personnel identification and access controls for facility employees and visitors. - Consistent with authority, apprehending and detaining all suspicious person(s) or any who attempt to gain access to the facility, for release to local law enforcement authorities. - Maintaining law and order and preventing illegal acts within the G4scontract guard jurisdiction, may jeopardize the safety or security of the facility and its personnel. - Provide, in writing, any security deficiencies and report them in a timely manner to the facility security coordinator. - Enforcing all facility rules governing control of all vehicular and personnel traffic entering the facility. - Licensed to carry weapons, while performing surveilling, patrolling, maintaining peace and order and ensuring the safety of lives and property. Skills: Firearms Handling · Tactical Operations	

Education

2018	**Udemy** Professional Certificate in Computer Science/Information Technology | Malaysia
	Certified in Crypto-currencies and Blockchain Technology UC-TS3BH72Q Certified in Building Personal WebServer UC-WI78BFES Certified in Hackathon UC-70AP5I48 Certified in Cyber Security Threat Intelligence Research UC-FPWLLAST Certified in JavaScript Programming SoloLearn-1024-12051419 Certified in Fundamental HTML SoloLearn-1014-12051419 Certified in Fundamental in ethical Hacking UC-C8ON5GGY Certified in Basic Emergencies Planning UC-NA6M28MB Certified in Astronomy for VCE Physics UC-O576L672 Certified in Basic Hydrology UC-56MW6KA7 Certified in Advanced Java Software Development SoloLearn-1068-12051419 Certified in AI, ML, & Ubuntu: Everything you need to know BrightTalk-352384 Certified in Software Unit Testing Mynapse-20200423 Certified in Erlang UC-439d0859 Cisco Networking Academy Cyber-Security CISCO220131
